

*Free Public Program!*

# **Our Place in the World – The Wonder that is North Alabama**

**Thursday,  
May 23, 2024  
1:00 - 2:30 pm**

**Downtown Library  
Auditorium**

The class will explore the geographic patterns and processes that make Alabama a world-wide biodiversity hotspot. How do Alabama's geology, climate, water, and biology impact one another? Come find out as we take a lay person's look at the big picture.
